GLP AND GCP CONTRACT RESEARCH

FIELDS OF ACTIVITY

Non-Clinical Studies *GLP*
Clinical Studies *GCP*
Advanced Therapy Medicinal Products *ATMP*
RNA / DNA Therapeutics & Aptamers
Microbiology
Cell Isolation & Culture
Anti-Drug Antibodies *ADA*
Cell Bank Characterization / Impurity Tests

LABORATORY SERVICES

ELISA and Hybridization
qPCR and RTqPCR
Flow Cytometry *FACS*
Biomarker Microarrays
EliSpot and FluoroSpot Immunoassays
Particle-based FirePlex®
and LEGENDplex™ Immunoassays
preconfigured panels
Particle-based FirePlex® miRNA Assays
68plex per well for the circulating assay
Pharmacokinetics and Statistics
Sample Collection and Shipment
Clinical Kits

FirePlex® is the new name for Abcam's Firefly assays. FIREPLEX is a trademark registered by Abcam plc in the United States and is an unregistered trademark elsewhere. LEGENDplex™ is a trademark registered by BioLegend, Inc. San Diego / United States

CONSULTING SERVICES

Assay development & validation
GLP SEMINARS
GLP BASIC COURSES
GLP TALK for advanced
GLP IN-HOUSE trainings at your site
Preparation for GLP
audits or inspections

REASONS TO CONTRACT ACCELERO

CREATE A DIRECT LINE TO THE LAB BENCH!

Company with cooperative communication model.
Short communication paths.
Contact your study director directly.
All team members with academic background.

ACCELERATE YOUR DRUG DEVELOPMENT!

Fast turnaround times from proposal to final report.
Short response times at all stages of your project.
15 working days for FirePlex® and LEGENDplex™ services.

ACCELERO GOES EASY WITH YOUR BUDGET!

No superfluous project management involved.
No extraordinary facilities, no conference rooms.
No extra audit charges.

BENEFIT FROM ACCELERO'S EXPERIENCE!

RNA and DNA therapeutics
ATMP based on human stem cells
ATMP based on bacterial cells
Adenovirus derived vectors
Pneumonia-associated microbiology
Wound healing
Validated assays according to EMA and FDA guidelines
